

The gapAnalysis package

Nora P. Castaneda Alvarez , Julian Ramirez Villegas, Harold A. Achicanoy

October 9, 2014

This vignette describes the package '**raster**'. A raster is a spatial (geographic) data
A simple example: the integers from 1 to 10 are

```
> 1:10
```

```
[1]  1  2  3  4  5  6  7  8  9 10
```

```
> print(1:20)
```
